The Year in Adva they would be called upon to play corned, except from those who had After 9 p. m daily, Sundays and holidays call the following Editorial Department 6000 Editorial Department 6001 an interest in forwarding the cause of America's enemies by discouraging united effort of the nation to meet the crisis. There was much misgiving much well founded apprehension -as to whether American bureaucracy, as exemplified in the must partisan administration in our history, would rise to the occasion There were doubts as to whether a body containing such timber as Baker and Burleson, headed by a president

up to the standard which the oc casion demanded. There were grouns, it is true, but not from those who were "infected with the germs of stagnation." The secretary of war, who excused delay after war was declared by saying that "the war is 3,000 miles away," In the death of Bishop Hoss of furnished an illustration of the kind loses one of its great preachers and germs of stagnation. No wonder that

"too proud to fight," would measure

the country groaned at the contem plation of fighting a war under such leadership. So far as American bureaucracy permitted, American industry and finance did its duty promptly and effectively. It will resouthern exposure and its kitchen spend now to the needs of peace if will be a less prominent feature of Baker, Burleson and that crowd will get their feet off the brakes and give Yankee ingenuity, enterprise, ability and courage a fair chance.

LOOKING AHEAD.

It has been one of the remarkable aspects of political affairs at this time that the democratis are alto-United States raising sand about it! gether at sea as to who may be nominated for president next time. There Mr. Burieson pretends to console to happen, but so far as the signs of is plenty of time yet for many things himself with the belief that there the times show there is no democratic name big enough to get out eral uprising, regardless of politics, from under the eclipse of Wilson's personality. Presuming that the personality. Presuming that the democrats will not break all tradition of the party as under and take ministration is just as severe among members of his own party as it is among adherents of other political no guessing where they will among adherents of other political no guessing where they will respect to the following among adherents of other political no guessing where they will respect to the following and a back skull-cap, without any of the conventional military dictator; but in both nerve and judgment he was all right, and a back skull-cap, without any of the conventional military dictator; but in both nerve and judgment he was all right. The opposition to the league of the major of the mines, and would guarantee to open them and to run them without among adherents of other political or otherwise, except mine. He was a fine fellow—a most respectable—looking on heed to any authority, judicial or otherwise, except mine. He democrats will not break all traditions and a back skull-cap, without any of the conventional military dictator; but in both nerve and judgment he was all right. The opposition to the league of of the mines, and would guarantee to open them and to run them without and the democrats will not break all traditions of the party as under and take the following. The conventions are provided to any authority, judicial or otherwise, except mine. He democrats will not break all traditions of the party as under and take the following and a back skull-cap, without any of the conventions.

When the press of the United moment arrives, but there are many States gets behind a movement with leaders who would do credit to the anything approaching unanimity it is honor and stand a good show of bound to succeed. Editors, however, leading the party to that victory are prone to be conservative. They which it is conceded is coming. The like to lead, but first they want to World does not wish to take a stand be assured that someone is going to in favor of any particular man for follow. They dread above all things that selection, as the time is too far for to get too far ahead of the process to predict what events may transaion and find themselves going on pire to alter the current of public alone. They prate about enterprise thought. But it does note with and initiative, but just waich and grateful satisfaction the progress see how cautiously the advancement made in public estimation of Gov. is made. The press of America put Frank O. Lowden of Illinois, and it over the various Liberty loans and would be a pleasure to see him se-

The Kaiser to the Bar.

Raceas City Journal In spire of his temporary security and the life of luxury that has been provided for him, these must be ather anxious days for the former kalser who is waiting in his Dutch while the peace conference retreat in Paris. fingers of fate had stopped at "he imposed by the world loves me not," and the council of been exclusively in loves me not," and the council of been exclusively in her four had decided that a tribunal of and in money cost, it has ustice should be established to bring a burden of added the former kaiser, the crown prince, Hindenburg, Ludendorff and von Tirpitz as well as many other Gervon man officers to the bar of international judgment. This action, it appears, was taken over the protest of Secretary Lansing, American member of the commission on respensibility for war.

As a substitute proceedings for calling the former kalser to direct and personal account, Mr. Lansing is reported to have favored "merely writing in the control of the con writing into some lasting documen like the peace treaty, a clause de-nouncing the kaiser and the German military leaders for throwing the world into war and thus indi-rectly holding them responsible for the millions killed and maimed." In no "precedent" for the punishment The of the former kalser. Yet the kalser in was the responsible head of the German government and in his hands alone rested the decision of war. His own plea that he was merely an instrument of the state s discounted by the fact that he was an unprotesting instrument and that hosts of inhuman destruction upon defenseless Helgium, wiped out existing treaties and planned for a of the world There would have been no war had he not ordered it and the conse-sioned grades. Orders have continually preaching and which quences of that decree brand William II. as the greatest criminal of | 000 brought all history. What element of punishment would there be in following the plan

advocated by Mr Lausing? The writing into some "lasting document uation. They have before them a a caluse denouncing the demonstration of what keeping the kaiser and the German military leaders for throwing the world into war ... " would not touch the moral susceptibilities of these monsters of iniquity. In any event the died here last night, indictment of civilization will stand against them for all time to come. No doubt the former kalser would chuckle with delight at such a procedure and that form of martyrdom would be best calculated to can-onize him in the Teutonic mind forever. The war will have been fought in vain unless the sand of justice brings the criminal of the world into the court of the world, and the lesson learned that there is no sanctity that hedges the head of a cide-vant monarch or entitles him to more immunity from personal re-sponsibility than that rightfully be-longing to the most humble of his own agents.

Definite Policy Imperied.

M. Louis Globe-Democrat.
Mr. Fines, director general of rall roads, may be right in his opinion

that the steel prices agreed to by the Industrial Board of the Depart ment of Commerce are too high, al though Chulrman Peek says tha though Chairman Feek says that the representative of the Railway Administration, who is a member of the board and who participated in the deliberations, claimed that only the price of steel ralls was too high. Mr. Hines may also be within his legal rights in declining to authorize resort was the result was the real. I would instruct this general to keep absolute on their sympathizers with men who wanted to work. I would also instruct him to dispossess the operators and run the mines as a receiver until-such time as the commission might make its report, and until I, as president, it is easy to go wherever justice is assalled by wrong. Let us he sure opossessed the necessary good sense, judgment, and nerve to act in such sent for him, telling him that if I had to make use of him it would be sent for him, telling him that if I had to make use of him it would be sent for him, telling him that if I had to make use of him it would be sent for him, telling him that if I had to make use of him it would be sent for him, telling him that if I had to make use of him it would be sent for him, telling him that if I had to make use of him it would be the crisis was only less serious than that of the Civil war, that the action taken would be prectically a war measure, and that if I sent him he must act in a purely military capacity under me as commander-in-chief, he must act in a purely military capacity under me as commander-in-chief, he must act in a purely military capacity under me as commander-in-chief, he must act in a purely military capacity under me as commander-in-chief, he must act in a purely military capacity under me as commander-in-chief, he must act in a purely military capacity under me as commander-in-chief, he must act in a purely military capacity under me as commander-in-chief, he must act in a purely military capacity under me as commander-in-chief, he must act in a purely military capacity under me as commander-in-chief, he must act in a purely military capacity inder me as commander-in-chief, he must act in a purely military capacity inder me as commander-in-chief, he must act in a purely military capacity inder me as commander-in-chief.

The shipping board has sold to pri-tion and to avoid have a sold part of a more power ment to bring a gradual resortion and to avoid part of a the purchase of any steel at the

Selling the Ships.

The shipping board has sold to prition and to avoid jabor disturbances, vate parties 15 wooden ships, aggregating 67,000 tons, at shout \$20 per effort at readjustment of abnormal ton less than cost. This is the first war conditions. While not satisfacted it was also because the same of the same and one to the same absention that it conflicted with widely on a matter of such vital edusequence to the country, what here is there for the general public. The aunouncement that the matter

has been "put up to the president means that he must try to ascertai proper steel prices through another nedium, uphold the Industrial Board or abandon all efforts at stabiliza-tion of prices during the transition period.

Complicated Taxation.
